## National Association of Green Designers (NAOGD)

The **Green Designer Certification** is a specialized and tailored educational program developed to bring comprehensive and reliable information to you, the Design Professional. You'll learn how to apply sustainable design principles and practices to any design project and to make careful selection of healthy and environmentally responsible materials and products. Remember: Training is an investment, not an expense.

**Get started today!**

## National Association of Green Specialists (NAOGS)

Our **Green Specialist Certification** program will give you the expertise, supplies, and support to start your own business. You will be able to conduct a sit-down evaluation and a walk-through session of a home or business, using a comprehensive check list to identify problem areas, and offer physical and lifestyle change recommendations to solve those problems.

**Call us today to get started  
with your new career!**

## Certified IAQ Specialist (CIAQS)

Our **Certified Indoor Air Quality Specialist** program is the perfect supplemental tool to boost your green cleaning product sales. You will learn the elements affecting indoor air, and effective solutions to make it much better.
